## Put Down Good Linoleum

When you put down new linoleum this fall, bear in mind "The Best is the Cheapest."

The name "Linoleum" covers a multitude of sins. Linoleum varies from a thin sheet of coarse cloth filled with a sort of paint, to a thick substance of cork and oil that resists moisture and wears indefinitely.

In the different grades and varieties of linoleum, including over one hundred patterns now on display here, every one is A1 grade. Our stock is larger than usual, so for two weeks we offer unusual bargains.

### New Effects in Wall Papers

The season has been productive of many novel, artistic and beautiful designs in wall paper for fall and winter—the best of them are represented in our display. There is an endless variety of color schemes to select from—appropriate for the purpose and never lacking in good taste. We are showing a line for a few days in our windows.

### Ladies' Serge Dresses

The Wool Dress seems to be one of the most interesting lines of Garments we are showing this season. One reason they are so popular is the fact that they are a line of popular-priced All Wool Serge Dresses, made up in the season's best style. They are made by New England manufacturers and on lines that fit the New England trade.

You would hardly believe that you could buy for \$5.75 an All Wool Serge Dress that is made up with the amount of style they have, and at the same time get a Dress that is made to fit the form like it was made for you.

This line of Dresses are made in different styles and qualities, ranging in prices from \$5.75 to \$14.00. This is a line of Dresses that are made to meet the great demand for a good fitting guaranteed Dress at a popular price.

### Ladies', Misses' Long Coats

This is surely a Coat season. While the Tailored Suit is very popular, the demand for Long Separate Coats was never so great as this season. This is the general report from all over the country.

Never was there a season when there were so many nobby individual designs in one particular garment as in the Long Coat this season.

The popular Misses' Junior Coat is a Coat that is made full length and in styles that are very similar to the ladies' styles. In fact, they are extra good models for little women. These come in a range of styles that are priced from \$8.50 to \$20.00.

In the Ladies' Coats, both in plain cloths and mixtures, we can show you the largest and best line we have ever shown; and never was there so large a variety of popular individual models in cloths that are the season's best.

Comolli did the battery work for the B. A. C., with Frattini and Comolli in the points for the losers. The game was played at the sand bank grounds.

All summer long the second floor of the Eastman building has been stirred by a never-ending question as to who was the most proficient golfer among the office men. Yesterday the long-standing problem was settled for all time when four of the foremost devotees retired to the links at Cherryvale park. The outcome of the four-cornered tournament was as follows: Ezra White, 68; Fay Mann, 61; Al. H. Gerhardt, 58; N. J. Morrison, 56. The defeated pair are to tender a supper to the winners sometime in the near future.

Now is the season for election forecasts and each day sees some business man or office assistant along the street engaged in ciphering out the chances of their favorite candidate. The stage is set for the quadrennial crop of "I told you so's" and almost anything must be expected from the prophets next Wednesday morning. On the east corner of a Depot square stonemason, the tell-tale marks of the election dopest are displayed in a set of five different predictions. It does not matter which candidate is favored in these prophecies, but the astute ones claim to have received inside information concerning the silent vote and say they are sure their figures are nearly accurate.
